

Digital Literacy!

Welcome to our new elective here and BJAMS, Digital Literacy! I hope you are looking forward to learning more about computers and how to use them this year.

Here are a few important pieces of information you will need to know before beginning class:

1. We will be using the Chromebook lab in the Middle School.
2. No homework will typically be required. Exceptions may be extended absences or falling behind in class.
3. You will need EARBUDS every day! It would be wise to have a separate set just for this class to leave in my classroom. I will provide a place to store them.
4. As you finish each day's assignment, keyboarding practice will be given.
5. You will NOT need a notebook for this class.
6. Grades will be given based on performance on keyboarding drills and instructional material.
7. There are 3 sections of Digital Literacy, A, B, and C. Each section will meet 3 days per week, alternating.

I hope you enjoy learning to better use a computer this year!

Please email me if you have any questions.
